Sponsor - A - Spay

“The spaying of one female cat can mean the prevention of 29 litters over a period of ten years. No one can guess how many litters can be prevented by the neutering of a male. We have heard it said by knowledgeable people in the field that a male cat on the loose can sire as many as 2,500 kittens in a year and a male dog nearly as many puppies.”

-United Humanitarians

The Lakeland Humane Society would like to spay and neuter all animals in our care. The “Sponsor a Spay” program is designed to help us with these costs, while preventing more litters from being born to unwanted and unavailable homes.

You can “Sponsor a Spay” for a contribution of:

\$40.00 \$60.00 \$80.00 \$100.00 Other \$ _____

We will send you a picture of the animal who received your gift, and current adoption status.

Name: _____

Address: _____

City: _____

Province: _____

Postal Code: _____

Phone: _____

Yes, I would like to SPONSOR A SPAY! Enclosed is my contribution to help pay for the cost of this necessary treatment for a dog or cat.
